

**When you're having trouble with your current payroll, does your provider make you feel like you have done something wrong? At Payworks, we've designed a system that's not only easy to operate and correct, but it gives you a chance to check your payroll before it runs.**

We've designed a better way to handle your payroll. We have created an innovative payroll service by rolling the best qualities of software packages, service bureaus and the power of the internet into one system. It's a system that puts you in control of your payroll without wasting your time. Payworks uses the Internet to transfer payroll data and reports to your desktop. So now you can run payroll anytime, when it's convenient to you. You can get immediate access to payroll and human resources information that helps you make business decisions. Your application is free, no charge for upgrades or annual maintenance.
